

October 2023 Parish Council News

Kicking things off

It seems only right and proper to start with some notes of appreciation; to you, for spending your valuable time reading this entry and to the Newsletter Team, for helping us meet our objective to further enhance our communication and engagement across our wonderful Parish community.

The inclusion of this “News” from the Parish Council, is part of a multi-media initiative to further enhance our engagement with the community (you) that we support.

With other channels including;

Our Facebook page; *childsercallparishcouncil*

Our Community Website; *childsercall.co.uk* (more on this later)

Introducing our Parish Council

Our parish council is a local authority, run by volunteers called councillors, who make decisions on behalf of our parish community in meeting three primary objectives;

- *representing the local community*
- *delivering services to meet local needs*
- *striving to improve quality of life in the parish*

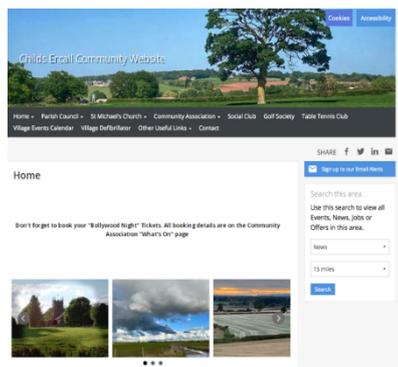

One great example of the work of our Parish Council, is the building and on-going maintenance of the village children’s playground.

To get involved in the Parish Council please do come to our meetings, which take place in Jubilee Hall on the **3rd Weds of every month at 7pm**, or feel free to reach out to any of your councillors, who's contact details are on the website.

Do get involved if you can, as together we can make a difference!

**Next Parish Council Meeting; Jubilee Hall,
Weds 18th October at 7pm**

This month's feature

I am delighted to announce that we have recently launched an entirely new Childs Ercall Community Website (childsercall.co.uk) and as the name suggests, whilst being run by the Parish Council, the site aims to bring information together from the many great institutions, associations and clubs that support our Parish. It even includes a calendar,

within which we aim to include the details of as many events and activities as possible in one easy to access place.

Please take look and do feel free to use the “Contact” page to submit any thoughts and ideas that you might have.

Things to watch out for

We are planning to enhance the usage and enjoyment of the Manor Green by installing two picnic tables and a bicycle rack.

Looking for assistance in supporting initiatives that benefit our community?

Look out for an announcement on our, soon to be released, “Small Grants Fund Policy and Process” via Facebook and our Website.

Signing out

Gary Barnes, Councillor

Childs Ercall Parish Council, email barnes.gj@gmail.com
